New Home Buyers Network and 3D Visit sign Strategic Partner Agreement

Toronto, Ontario – May 15, 2001 – 3D Visit Inc. (“3D Visit”) (CDNX: VIS) and New Home Buyers Network Inc. (“NHBN”) are pleased to announce the signing of a strategic partner agreement to further enhance the provision of online information services to purchasers of new homes across Canada.

Under the terms of the three (3) year agreement, NHBN will promote and sell 3D Visit’s digital photography services (“virtual tours”) to its extensive client base of new home builders in Ontario and Western Canada and 3D Visit will assist NHBN with expansion of its new homes portal throughout the province of Quebec.

As the leading provider of online information for new homes in Canada, we are very excited to partner with 3D Visit to offer an enhanced level of service to our new home builder clients.”

“The strategic partnership with NHBN will enable us to accelerate our penetration into the new home builders market in parts of Canada where our network has recently been established, such as Alberta, B.C. and the GTA” added Jean-Pierre Poulin, President of 3D Visit. “Initially, the services will be rolled

out in Toronto, but we expect to expand the business relationship to the rest of Canada, over the entire NHBN network, by the summer.”
